

Enhancing the Work Environment: On-call Rooms

Physician Lead: *Dr. John Falconer*

Goal

As the acuity of patients increases at Kelowna General Hospital along with the volume, there is a need for more specialties to be in-house for call. This engagement activity is to bring specialists from many departments together to plan for usage of donated space to accommodate this emerging need.

Budget approved: \$21,500

Objectives

The objectives of this engagement activity are to:

- Bring physicians from multiple departments together to collaboratively plan for improved on-call accommodations
- Identify the need and plan for the usage of donated space to accommodate the need for on-call rooms in response to increasing patient acuity & volume
