

Support and Discussion Group for New or Expecting Parents

Physician Lead: *Dr. Angineh Gharapetian*

Goals

The objectives of this FE Activity are:

- To create discussion amongst physicians who are new or expecting parents.
- To provide a forum to discuss challenges, useful resources, supports and experiences.
- To provide assistance during the transitional time and to create a peer support network of colleagues.

Outcomes

- Improved physician well-being and ease the transition back to work.

Budget approved: \$4,360
