

# KGH Medical Staff Telemedicine Training Session

**Physician Lead:** *Dr. Frank Halperin*

## Goals

Host an educational session to:

- Address common concerns of physicians re telemedicine
- Discuss options to provide this service
- Provide practical tips to set up and provide telemedicine services to rural communities

## Outcomes

- Increased access to telemedicine due to greater uptake
- Reduced risk, cost and hardship on patients and families needed to travel from rural setting to access tertiary care.

**Budget approved: \$6,000**
