

# Standardized Intrapleural Lytics

**Physician Lead:** *Dr. Giulio Dominelli*

## Goals

- Development of a standardized template for ordering the administration of pleural lytics
- Pharmacy may apply to adopt as a standard PPO IHA wide
- Less time wasted by Pharmacy and Physicians in clarifying order and ensuring best practices are adhered to

## Outcomes

- Standardized care for best practices.
- Streamline orders to minimize unnecessary clarification and follow-up by allied health professionals (RNs and Pharmacy)

**Budget approved: \$2,000**
