

# Creation of Surgical Assistant Community for Elective and After-Hours Surgery

Physician Lead: *Dr. Janet Evans*

## Goals

- To discuss creation of a sustainable and competent pool of well-trained surgical assistants.
- To determine how to identify and organize interested physicians.
- To create more robust after hours coverage.

## Outcomes

- To improve family physician engagement within the hospital and provide an opportunity for other family physicians to work as surgical assistants.

**Budget approved: \$10,000**
