

COVID-19: Collaborative Protocol Improvement & System Hardening

Physician Lead: *Dr. Sarah Sunderland*

Goals

- Establishing protocols, system hardening, and testing of our procedures.
- Coordinate efforts between Anesthesiology, Emergency Medicine and Critical Care. All funds used in this project will directly benefit the well-being of physicians.

Outcomes

- Directly benefit the well-being of physicians.
- Improve patient care by ensuring that we have a clear, expedited process for dealing with this high risk population (COVID-19).

Budget approved: \$39,000
