

Department of Anesthesia Quality Dashboard

Physician Lead: *Dr. Mark Masterson*

Goals

- A literature review and setting goals around data extraction with focus on desired metrics and benchmarks.
- Review of existing data to identify early win opportunities for improvement projects.
- Develop a framework for approaching department engagement to build individualized dashboard.

Outcomes

- Build physician engagement.
- Allow collaboration between Clinical Operations, Medical Leadership and the medical staff through identifying projects from the physician lens.

Budget approved: \$5,144
