

COVID Airway Response Team (CART) Transition Project

Physician Lead: *Dr. Ben Wierstra*

Goals

- Refine protocols and procedures to develop a mechanism to maintain the skills that have been hastily developed to prepare for COVID-19.

Outcomes

- Patient safety will benefit from the continued expertise in advanced management of COVID-19 respiratory failure and cardiac arrest.
- Provide a safe and effective work environment for all the members of the multi-disciplinary health care team.

Budget approved: \$5,563.95
