

# Infectious Disease Quality Revamp

Physician Lead: *Dr. Giulio Dominelli*

## Goals

- To meet and collaborate in order to bring a working framework back to ID liaison meeting for approval:
  - ESR and CRP – reduce unnecessary tests and decrease costs
  - Staph Aureus – physician involvement improves adherence to guidelines, relapse rates and in some studies mortality

## Outcomes

- Reduce costs and blood draws.
- Improve patient care.
- Address the strategic goals of increasing meaningful physician engagement.

**Budget approved: \$3,000**
