

Gastrointestinal Oncology Working Group Planning Meetings

Physician Lead: *Dr. Gareth Eeson*

Goals

- Seek to improve engagement across sites and specialties within the TG to advance the care of patients confronted with GI malignancies.
- Promote education, knowledge translation and consensus building in the form of topic-focused meetings.

Outcomes

- Engage care providers across many sites and specialties.
- Positively impact patient care, capacity & flow, patient safety and delivery of program services.

Budget approved: \$7,100
