

Improvement of Heart Team Rounds – Adapting to a Virtual Environment

Physician Lead: *Dr. Frank Halperin*

Goals

- Hold virtual meetings to review how rounds currently occur and how they can be improved.
- Create an action plan which will be shared with members of the dept.
- Create an assessment tool to assess effectiveness once changes are implemented.

Outcomes

- Engage physicians in a quality improvement initiative.
- Appropriate adaptation of rounds for a virtual environment.
- Improve patient care, communication with physicians/HA

Budget approved: \$4,000
