

# Creation of a Multidisciplinary Neuro-Oncology and Radiosurgery Tumor Board Conference

**Physician Lead:** *Dr. Daniel Yavin*

## Goals

- Create a sustainable, weekly multidisciplinary brain and spinal tumor conference in Kelowna.
- Support the organization and planning time of the project leads and members of the planning committee.
- Patients will benefit from having their cases discussed by a team of local physicians who best understand their needs.

## Outcomes

- Increased collaborative physician engagement.
- Improved consensus-based decisions.
- Improved communication.
- Improved patient care.

**Budget approved: \$6,022**
