

## GUIDELINES FOR DEPARTMENTAL RETREATS

---

### BACKGROUND

The vision of the Kelowna General Hospital Physicians Society (KGHPS) is to have fully engaged and supported medical staff with a meaningful voice in improving quality of care, their working environment and the health system. Providing medical staff with opportunities to participate collaboratively, to express their views and contribute to the development, prioritization and achievement of quality health programs and initiatives supports engagement.

The Society supports Departmental and Inter-Departmental Retreats as a means to build relationships among and between physicians and their colleagues and as a forum to solicit input on planning and prioritizing for initiatives related to quality patient and family centered care and physician work environment. Retreats provide an opportunity for physicians to plan and provide input on issues identified as important to Interior Health (IH). As per the Memorandum of Understanding, the Society cannot fund sessional hours for meetings that are required for hospital privileges.

Departmental Retreats are not intended to be events aimed at bringing the entire interdisciplinary healthcare teams together. Working however with our IH partners, senior hospital leaders and key allied health professionals may be invited to these events to enrich the discussion and facilitate planning collectively on matters of importance to both parties.

Claims submitted after the 90-day period will not be paid, except under exceptional circumstances (explanation to be provided and must be approved by the executive of the KGH Physicians Society). Sessional claims should be entered into FEMS as the work progresses with an explanation of work done rather than one large claim at the end of the project. **As well, the ‘Description’ field must be completed when claiming sessionals or expenses.**
