

Antenatal Clinic at KGH

Physician Lead: *Dr. Julie Parker*

Goals

- Implement a new committee involving physicians, midwifery, allied health and KGH directors to undertake the strategic planning of an antenatal clinic
- Clinic would provide a number of services, including routine, low-risk pre and 6-week post-natal care, and coordination of care throughout pregnancy and delivery stages.

Outcomes

- Improved quality of care for patients and infants.
- Improved clinical care model.
- Inter-departmental collaboration and engagement.

Budget approved: \$11,922
