

Communicating Evidence for Tongue and Lip Tie Surgeries

Physician Lead: *Dr. Emily Budd*

Goals

- Collaboration with pediatricians and other stakeholders re: challenges and concerns.
- Reviewing available evidence for frenectomy in feeding difficulties.
- Develop educational materials for primary care providers and parents.

Outcomes

- Improved quality of care for patients and families with KGH.
- Enhanced physician engagement in advocating for best practices.
- Increased collaboration and consistent messaging between physician groups, allied health care providers and patients.

Budget approved: \$20,144
