

# Flexible Sigmoidoscopy Clinic Review

Physician Lead: *Dr. Joey Podavin*

## Goals

- Update documents (standard referral, patient prep information)
- Explore Options for acquiring maintaining and evaluating competence; and working in a more synergistic fashion with specialist endoscopists.

## Outcomes

- Updated referral form and patient preparation
- Clear process for triaging referrals within the clinic to GP vs. surgeon
- Establishing expectations for monitoring and maintaining clinical competence
- Creating and documenting flexible sigmoidoscopy clinic goals re: teaching learners, developing new skills

**Budget approved: \$3,318.90**

**March 2024**
