

# Esophageal Cancer Care Collaborative

Physician Lead: *Dr. Sivash Atrchian*

## Goals

- Unify a multidisciplinary team including oncologists, surgeons, and support staff to discuss specific challenges at each stage of care, optimize collaboration, and improve patient experiences.

## Outcomes

- Through focused discussions, the collaborative seeks to enhance timely referrals, integrate supportive care, and streamline treatment protocols.

**Budget approved: \$9,989**

**November 2024**
