Code Rogue

Physician Lead: *Dr. Neil Long*

Goals

- Conduct meetings with interested emergency physicians to form a list of actionable objectives that can be enacted within the next 12 months.

- Determine what is popular and what is achievable.

Outcomes

- Create a core group of physicians and other allied staff that group together each year so that positive changes within the department are realized.
- Include individuals outside of formal roles who are already overworked.
- Optimizing AI templates, creating methods for generating discharge summaries and patient advice, how to address overcrowding, how to address the high nursing turnover and improving the patient experience.
