

# May The Schwartz Be With You

**Physician Lead:** *Dr. Neil Long*

## Goal

In high-pressure environments, where compassion fatigue, burnout, and moral distress are increasingly common, Schwartz Rounds foster connection, empathy, and team cohesion. Unlike traditional clinical debriefs, these sessions focus on the human experience behind healthcare, helping staff process difficult cases, feel heard, and support one another

## Outcomes

- Addressing moral injury at KGH/IH
- A key tool in the 'Joy at Work' document
- Improve Physician Work Environment
- Ultimately, improve Patient Care
